Summary

Motion designer with 3+ years' experience in animation and 4+ years in video production. Working from creative direction to rendering, alongside brands such as the NFL, Premier League, Jim Beam, -196, and Canadian Club. Specialising in 2D animation, highly capable in 3D animation in both C4D + Redshift and Blender. Sole animator at previous agency, used to staying calm under pressure. Experienced leading teams and projects to tight deadlines, defining project lifecycles and developing motion guidelines. Confident pitching and explaining animation to clients and colleagues. Love animation and film enough to contribute in my own time, including a charity film for Taldumande Youth Services.

Experience

Motion Designer

Fuel Sydney | Aug 2025 - Nov 2026

Sole motion designer, responsible for all animation work and always across projects from concept to final delivery. Collaborated closely with graphic designers, web developers and clients. Also evolved project lifecycles, defined motion guidelines, and pitched 3D as an animation alternative to client briefs.

- Animated and directed a pro bono charity film for youth homelessness, from ideation and creative direction through to boarding, sound design and animation. The film opened Taldumande's 50th birthday gala dinner in front of 1,000+ guests.
- Designed and led a company wide workshop on animation and motion vocabulary. helping colleagues give clear internal feedback and translate client feedback, which saw a reduction in repeated feedback rounds.
- Pitched and introduced a new 2D and 3D project lifecycle that maintained turnaround times whilst increasing 3D project quality and ultimately the number of 3D projects taken on.
- Led a 3D out-of-home rollout for Jim Beam, from pitching multiple creatives at their head office to rolling out over 6+ specs and formats.
- Introduced AI MCPs into After Effects to speed up resizing animations through detailed prompting, and used Blender MCPs to generate 3D models and materials for animation.

Freelance Motion Designer & Creative Director

The Rugby Pod & Biggar Thinking | Jun 2026 - Present

Animation and creative direction for Dan Biggar, former Welsh international and multiple British and Irish Lions tour rugby player, who also co-hosts The Rugby Pod, with 20M+ lifetime streams and downloads.

- Turn complex tactical analysis into clear, readable animations that clearly break down what's happening on the pitch.
- Cut and edit YouTube Shorts for The Rugby Pod social pages, which consistently averages 200K+ views per reel.
- Pitched MCP assisted Blender renders to turn the tactical analysis into a 3D stadium environment for a more immersive experience.

Junior Motion Designer
Genius Sports, London | Jul 2023 - Aug 2025

Sports data and technology company. Collaborated with major partners like the NFL and Premier League. Led campaigns focused on product demos, brand awareness and sizzle reels. Helped shape Genius Sports' evolving brand identity, creating motion design guidelines, establishing creative language and overseeing all video content published by the company.

- Produced a catalogue of promotional video content that played a key role in securing a multi-million pound SAOT agreement between Genius Sports and the Premier League, as well as cup competitions.
- Directed the creative vision for 3D renders and animated a sizzle reel, which played a pivotal role in defining a new brand identity for a specific sector of the business.
- Led the animation for large screens during an important event, utilising a blend of 3D and 2D animations.
- Led the creation, design and production of animation and video content for in-house campaigns, driving awareness and enhancing recognition within the organisation.
- Self-taught 3D modelling and animation, which was introduced to the business to elevate the quality and type of content that was produced.

Content Creator & Video Editor
Firebird Events, Farnborough, Surrey | May 2021 - Jul 2023

- Directed, filmed and edited conferences and events across the UK and Europe for luxury brands including Prada, Samsung, Yves Saint Laurent and L'Oréal, adding 2D motion graphics in post-production.
- Filmed and directed a keynote conference in Geneva for the Pictet Board of Directors, live streamed to over 3,000 viewers.
- Directed 2 onsite editors and over 7 camera operators at Pictet's yearly conference at the Savoy, London, editing the film onsite against a tight deadline.
- Created a fully bespoke game show for Animal Friends to drive internal engagement.

Video Editor
Freelance | Jun 2020 - May 2021

- Produced social media videos for local businesses including Hi Speed UK & International and Paul Marcus Media, plus pro bono work for the charity CMPP.
- Created a fully animated promo reel for music business GrooveGate, reaching over 3,800 views.

Digital Marketing Executive
Hoppa, Woking, Surrey | Sep 2019 - Jun 2020

- Produced video content for YouTube, Instagram and Facebook for an ecommerce travel company, alongside daily SEO checks.
- Pitched a new video marketing channel to the CEO, which was approved before COVID-19 halted projects.

Personal Interests

Spearfishing allows me to switch off and stay very calm in stressful situations whilst hunting sustainably. Surfing and ocean swimming are also an important part of my week. I'm also a big football fan who loves to follow my local team back in the UK.
